FEBRUARY 2021

Gedling and District
Indoor Bowls Club

HELLO EVERYONE

Welcome to February's newsletter we hope you are all well and surviving the latest lockdown.

With the news this week from Boris we are starting to see some light at the end of the very long tunnel. We have dates for outdoor sport to start, for meeting up with families again and for hospitality venues to reopen. As yet, there has been no announcement about indoor sport and, as has happened throughout this pandemic, at Gedling we will follow the advice of the EIBA when the time comes for us to open. Our situation of course will be governed by the use of the Richard Herrod Centre as a vaccination centre, but the management committee will be working hard to ensure that we can return to indoor bowls as soon as it is safe to do so.

On the financial side we have continued to furlough our two paid staff and received 80% of their wages from the government. In addition, we have secured a succession of grants from the Local Businesses Scheme and so we are in a sound financial position at the moment.

As a club serving the local community, we have been asked to pass on some details about the National Census which will be taking place in March.

Most people, where possible, will be doing the census online this time but for those that can't use this method there will be paper questionnaires to fill in. Local Support centres will be set up to help and there is a wide range of other support services. You can check what you need to do on www.census.gov.uk. If you cannot access this site a helpline phone number will be on your invitation to complete the census which will be sent out in early March.
